DETAILED ACTION

1. Claims 1-20 are pending. Applicant's April 28, 2003 Amendment has been received. The previous rejections from the March 4, 2003 Office Action are hereby withdrawn pursuant to the Amendment and Response.

Claim Rejections - 35 USC § 103

2. Claims 1-20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Joao et al., US 6,529,725.

Joao discloses a method of accessing multiple transactions in a computerized system 104, 404, in substantially real time, financial account information of at least first and second record keeping systems, e.g. col. 28, lines 15-44. Joao discloses "authorization, notification and/or security" (e.g. col 28, lines 55-65) to access the financial accounts. Information regarding a transaction may be contained in an electronic mail format, e.g. claim 41. Also, Joao discloses verifying a user identifier and access codes, e.g. col. 42, lines 55-63. Though Joao does not explicitly state a first and second request for the various financial accounts accessed, Joao does state that "any number" (e.g. col. 43, lines 15-32) of accounts may be accessed and the records produced for review. Thus, it is implicit that the multiple transactions disclosed by Joao would

Art Unit: 3627

provide for first and second requests and like responses would be received that include identification of the account holder.

To have provided for first and second requests to respective first and second financial record keeping systems that include identification of the account holder for Joao would have been obvious to one of ordinary skill in the art. Doing such would implement well known computer technology to access desired financial information.

3. Nel, US 6,507,823, discloses first and second financial accounts. See attached PTO-892.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
